BUSINESS & INFORMATION DIRECTORY

From all reports the previous editions have been very well received and many businesses enjoyed increased trade from their listings.

St. Bernard’s College has long had the reputation of having its students - past and present - working together and supporting one another.

With these two things in mind, a Business Directory which provides links between all involved in the St. Bernard’s family, is not only helpful, but necessary.

You are encouraged to support the businesses listed in the directory and the College will certainly be continuing to support the listed businesses. In addition we look to the directory in return to help the school in its quest to assist the move from school to the workforce. In the coming years it is hoped that St. Bernard’s students will have the chance to learn about the world of business and commerce by spending time in many of the businesses listed in the directory.

This after all is the very essence of Learning and Doing.

To make this a publication that will be referred to throughout the year, we have added an information and calendar section for the benefit of parents. Please continue to refer to this section for handy reference for dates and functions and please continue to support our sponsors. Also added is a fixture of St. Bernard’s Old Collegians’ Football Club matches for easy reference.

DONATION TO BUILDING & TECHNOLOGY PROGRAM
Surplus College funds are used to fund our Building Program and pay down loans arising from projects such as the Auditorium, the Hockey / Tennis Complex, the Year 12 Block, Swimming Pool and Weights Centre, Sports Pavilion, Year 7 Block and the Year 9 Campus at Santa Monica. We ask the parents to donate $500 per family each year for the first three years their son is at SBC. This money is directed to the Building Fund and as such is 100% tax deductible. It is these funds that have enabled us to continue providing state of the art facilities for our boys.
